

1L Summer Student

Our office is pleased to be hiring a first year law student (1L) for the summer of 2025.

We are looking for a student who is ready to learn, interested in practical legal experiences, and enjoys collaborative teamwork. At our firm, you will find a welcoming and supportive environment.

Our summer student program runs from the beginning of May until mid-August.

Our summer student program doesn't involve formal rotations. Instead, you take on work based on who has insightful learning opportunities for you during your summer with us.

Your summer begins with orientation, to help you learn about our firm and our many resources. You'll also be assigned a mentor.

As a 1L with our firm, you will get hands-on experience doing work that is similar to what is done by our articling student(s). This includes:

- conducting research
- helping with all aspects of business transactions
- drafting documents
- attending at mediations, examinations, hearings, trials, and appeals

As a 1L with WV LLP, you will receive a competitive weekly salary.

Students interested in summer positions should submit applications by emailing careers@wvllp.ca or through the [viRecruit Applicant Portal](#) . Applications should include a complete resume, covering letter, and copies of your official transcripts from both undergrad and law school. When we consider an applicant for an interview, academic performance is considered very important. However, we also know that academic performance alone cannot predict the best student.

Please note that this recruitment is in accordance with the Law Society of Ontario procedures.
